Hi Jose,

Can you please provide me with your 5 **TOP** locations?

We want to ensure that these are the first locations on the list, so that your top 5 can be vetted first.

Thank you so much!

Hi Jose,

It is yet to be determined. However, once we receive the vetting locations, we will scout the locations and will potentially put a schedule together. I foresee it being a couple of times a week, but once we have clarification and more details, I will keep you in the loop.

Hi Diana,

Would this be for daily set up or once a week or TBD?

Hello,

I am sending this email in regards to the Mobile Hygiene Units.

There will be a deployment of about 13 trailers starting July 31st.

We will need new "vetting" locations from you (as many as you want), however, please remember the trailer needs to be near a fire hydrant no more than 50 feet away. An alternative that can also work would be a water source via a hose bib connection (see attached photos as reference).

Ideally, we will need these locations as soon as they become available.

If you have any questions, you can contact me or the MHU specialist - Jasmin Mouflard-Kozowy @ 213-713-5228 (jasminhygiene@gmail.com)

Thank you so much!
